Dear Sir:

In the Restriction Requirement mailed January 13, 2005, the Examiner noted that the reply filed on October 13, 2004 is not fully responsive to the prior Office Action because applicants did not identify which claims read on the elected species. In response thereto, applicants elect Species 1 corresponding to claims 1-7 (a method of calculating VR according to equation 5 of the specification). This election is made without traverse.

Respectfully submitted,
